OBJECTIVE, PURPOSE AND BACKGROUND INFORMATION

In addition to regular and special financial audits, G.S. 18B-705(a) authorizes the NC ABC Commission to conduct performance audits of all local ABC boards in the state. Performance audits are examinations of existing operating policies, practices, controls, and activities to determine those areas in which there may be a need for improvement.

The audits are designed to ensure that all local ABC Boards comply with established performance standards pursuant to G.S. 18B-203(a)(20). The audit's scope addresses compliance with ABC laws and rules, store appearance, operating efficiency, solvency and customer service.

To achieve the objectives of the audit, auditors:

- Review applicable General Statutes, ABC Commission Rules, and Administrative Policies
- Review applicable reports and studies of ABC Boards with similar size and geography
- Verify compliance with Commission and Board policies
- Verify results of previous performance audit recommendations
- Review ABC Board annual independent financial audits
- Review ABC Board reporting and documentation reports
- Visit the store(s)
- Interview key ABC Board personnel

Franklinton is in Franklin County between the towns of Youngsville and Louisburg, NC. The town is surrounded by ample farmland but conveniently located on US Highway 1. The US Census Bureau reported in 2010 the population at 2,023, and the 2021 population is approximately 2,321.

The Board was organized under the provisions of Senate Bill #435 of the North Carolina Legislature, General Assembly of 1947 and implemented by a town wide election held April 15, 1947. A mixed beverage election held on July 7, 1998 passed. At the time of the June 2021 visit, four (4) individuals are appointed by the town council to serve on the ABC Board. A fifth board member resigned in May 2021.

The ABC Board, as provided by North Carolina Alcoholic Beverage Control laws, and through its law enforcement division, investigates violations of such laws. North Carolina General Statutes [18B-805(c)(2)(3)] requires that the ABC Board expend at least 5% of profits for law enforcement and at least 7% of the same profits for alcohol education and rehabilitation purposes.

The Franklinton ABC Board operates one (1) retail store located in the Franklinton Square Shopping Center. Along with the full-time general manager and finance officer employees, the board staffs five part-time employees. The general manager and finance officer are primarily responsible for overseeing the daily operations pertaining to the store including personnel management, inventory management, and various administrative functions. Store clerks are responsible for providing customer-friendly service, store upkeep, and stock maintenance.

The Franklinton ABC Board had its last performance audit back in 2012. This follow-up round of performance audits serves as a continuous way for the Commission to provide local boards with information and best practices that target areas for improvement.

OPERATIONAL OBSERVATIONS, FINDINGS, REQUIRED ACTIONS & RECOMMENATIONS:

On Wednesday, June 2, 2021, ABC Board Auditor Quinn Woolard, visited the Franklinton ABC Board and interviewed Debbie Bennett, General Manager and Finance Officer, Linda Grogan. Below is a financial analysis followed by operation observations, findings, and recommendations related to the performance audit.

FINANCIAL ANALYSIS

PROFIT PERCENTAGE TO SALES & OPERATING COST RATIO

In fiscal year (FY) 2019-2020, the Franklinton Board had a profit percentage to sales of 8.59%. The NC ABC Commission profit to sales standards for ABC Boards with gross sales less than \$2M is 5%. The Franklinton ABC Board's gross sales totaled \$1,679,987, which was a 37.79% increase over FY 2018-2019.

The operating cost ratio for the Franklinton ABC Board was .59 in FY 2019-2020. The NC ABC Commission standard for ABC Boards with 1 or 2 stores and mixed beverage sales is .73 or less.

Thus, the Franklinton ABC Board met the profitability and operating cost standards set by the NC ABC Commission. Below is a chart showing gross profit on sales and income from operations for the previous two years.

	FY2019-2020	FY2018-2019
Gross Profit on Sales	\$409,567	\$286,138
Income from Operations	\$144,238	\$76,179

Factors affecting profitability and cost include:

- Surrounding municipalities with other ABC Boards operating stores within a fifteen (15) mile range include: Youngsville (within the same county), and the neighboring towns of Wake Forest and Creedmoor.
- The ABC Board currently has a bank loan for a 2019 store remodel and leases the store location.

- An ABC Board’s average cost of goods sold (COGS) is between 52% & 54% per year. The Franklinton Board’s cost of goods sold was approximately 53.14% in FY 2019-2020.
- *Mixed beverage sales total approximately 0.05% in FY 2019-2020, with only one retail permittee currently.*

BUDGET ANALYSIS

	FY2019-2020 Budget Projections	FY2019-2020 Actual	Variance	Variance %
Sales	\$1,556,725	\$1,679,987	\$123,262	7.9%
Total Expenditures (to include Capital Outlay)	\$1,482,961	\$1,546,041	(\$63,080)	(4.3%)

In reviewing the budget to actual analysis of the FY2019-2020 financial audit, actual sales revenues were over the budgeted projections by 7.9%. Total operating expenses were over budget for the same period by 4.3%. The chart above shows the final budget to actual amounts and the appropriate positive or negative variances.

DISTRIBUTIONS

G.S. 18B-805 (b) requires the board to pay from gross receipts, all expenses, excise, and rehabilitation taxes. G.S. 18B-805(c)(2) requires the board to distribute at least five percent (5%) of applicable gross receipts to law enforcement and at least seven percent (7%) for alcohol education. *Before assigning these percentage distributions, G.S. 18B-805(c)(1) requires the board to first make a minimum quarterly distribution of the 3.5% markup & relevant bottle charges to certain county/municipal recipients.* Some of these specific recipients are designated by an official local enabling act (*and thus will vary*).

In FY 2019-2020, Franklinton ABC made distributions totaling \$140,896 (Town of Franklinton received \$129,345 of this). The amount of \$377,662 in excise and other taxes were paid to the NC Department of Revenue (NCDOR), the NC Department of Health and Human Services (NCDHHS), and county commissioners of Franklin County.

The remaining profits are to be distributed as follows per the current local enabling act:

- One hundred percent (100%) to the Town of Franklinton

WORKING CAPITAL

G.S. 18B-805(d) allows the board to set aside a portion of the remaining gross receipts, within the limits set by the rules of the Commission, as cash to operate the ABC system. The NC ABC Commission has set a working capital standard for boards with annual gross sales greater than \$1.5M but less than \$50M an amount equal to three (3) months of sales revenue.

Based upon the existing rules, as of June 30, 2020, the Franklinton ABC Board is required to maintain a minimum working capital of \$50,089 with a maximum working capital amount of \$434,108. The Franklinton ABC Board had a working capital balance of \$84,702 which falls *within* the Commission requirements for this section (*).

Under 18B-805(d), with approval of the appointing authority for the board, the local board may also set aside a portion of the remaining gross receipts as a fund for specific capital improvements.

- The board holds regular meetings the second Monday of each month at 6:30 PM, records regular meeting minutes, and provides public notification and awareness of these meetings.

- Five County Mental Health has been receiving alcohol education distributions, yet they have not been providing documentation of utilization of funds.
- All board members and general manager are bonded as required; board members and general manager compensation adhere properly to general statutes.

STORE APPEARANCE & SHELF MANAGEMENT

The findings for store appearance are as follows:

- The store displayed the required Fetal Alcohol Syndrome poster required by G.S. 18B-808.

- Products are placed within the designated categories; premium products are found at eye-level or top shelf. Regular occurrences were found with various bottle sizes of the same products increasing appropriately from left to right. Bottles were fronted and dusted.
